

TACKER GUN

10-50000E

PRODUCT DETAIL

Multipipe's Premium tacker gun is a must if you plan to use the pipe staple system regularly. With a high capacity magazine and simple push action, this pushes the staples into polystyrene and PIR type insulation with minimal effort.

Also featuring a formed pipe slot to ensure you get a good location before stapling. Easy to maintain with an inspection window on the front to clear any jams that occur.

BENEFITS

- Easy to use one hand push action
- High capacity magazine
- Low maintenance
- Pipe locator for quicker clipping
- Lightweight

FEATURES

- Aluminium and steel staple components for long life
- Maintenance window that opens to clear any jams
- Weight to ensure clips are loaded every time
- Floor stand included
- Optional insulation tool can be purchased
